

Welcome Ann Freimuth

Implementation Specialist

Can/Am Technologies recently hired Ann Freimuth as Implementation Specialist. She will be meeting with clients to understand workflow and business processes, as well as implement and train on Teller applications. Ann will also be available to provide client solutions and recommend additional peripherals to maximize outcomes.

Most recently Ann worked as a Business Advisor/Implementation Specialist for the Radian Group, an IT Strategy Firm based in Denver. She holds a Bachelor of Science in Business Administration degree with a Finance major from Creighton University and an MBA with an emphasis in International Business from Arizona State University (Thunderbird School of International Management). Her depth of experience, knowledge and implementation capabilities will complement Can/Am's growing team.

Ann has two teenage daughters, one in college and one in high school. In her free time, she enjoys exercising, watching sports (Go Broncos), travelling, volunteering and most importantly attending her daughters' school and sport activities.

Please join us in welcoming Ann to the Can/Am family.

About Can/Am Technologies, Inc., and the Teller Cashiering Solution

For over 20 years, Can/Am Technologies, has provided powerful state-of-the-art cashiering solutions to local and state government clients across North America. Can/Am's Teller Cashiering Solution is a full featured browser-based Cashiering / Point of Sale/Online system that delivers robust reporting, collection, and management functionality. Teller's modern integration technology is praised for being intuitive and easy-to-use while also able to be seamlessly incorporated into a multitude of software integrations. Can/Am has earned a solid reputation for providing high level ongoing hands-on client support. Can/Am is SOC2 certified.
