

— Welcome Michael Martin —

IT Manager

Michael joins Can/Am Technologies as IT Manager. He will be responsible for the management of Can/Am's security infrastructure, ensuring our continued compliance and ever improving security posture. Michael will also design and implement architecture changes to AWS as needed and provide IT to support Can/Am's Denver and Edmonton offices staff.

Prior to joining Can/Am, Michael worked as a Service Desk Manager at American Financing in Aurora, Colorado and as an Account Manager at Lumen Technologies in Denver. He earned a Master of Science degree in Information and Communications Science after gaining a bachelor's degree from the University of Saint Francis. His technology experience and education provide a solid foundation for the work he will be performing here at Can/Am.

Michael enjoys spending time with his wife and 2-year-old son. In his free time, he enjoys camping, snowboarding, and eating.

Please join us in welcoming Michael to the Can/Am family.

About Can/Am Technologies, Inc., and the Teller Cashiering Solution

For over 20 years, Can/Am Technologies, has provided powerful state-of-the-art cashiering solutions to local and state government clients across North America. Can/Am's Teller Cashiering Solution is a full featured browser-based Cashiering / Point of Sale/Online system that delivers robust reporting, collection, and management functionality. Teller's modern integration technology is praised for being intuitive and easy-to-use while also able to be seamlessly incorporated into a multitude of software integrations. Can/Am has earned a solid reputation for providing high level ongoing hands-on client support. Can/Am is SOC2 certified.
