

Welcome Heidi Toomer

Executive Assistant

Heidi joins Can/Am Technologies as the Executive Assistant to Can/Am's president, Joshua Langemann, managing his calendar, emails, and meetings with team members and clients. Heidi will also be providing administrative assistance to the Can/Am team to ensure smooth operations as the company continues to grow.

Prior to joining Can/Am, Heidi worked as Director Assistant at the Minnesota Adult and Teen Challenge program, a non-profit organization whose mission is to assist teens and adults in gaining freedom from chemical addictions and other life controlling problems by addressing their physical, emotional, and spiritual needs. In that position, Heidi found a passion for helping behind the scenes to ensure the organization and Director were able to meet the goals of the organization. Joining Can/Am, Heidi commented "I look forward to being part of, meeting goals, and aiding the Leadership team so they can continue to lead the company well."

In her free time, Heidi enjoys spending time with family and friends. She loves traveling, hiking, playing volleyball, trying out new coffee shops, reading, and swing dancing.

Please join us in welcoming Heidi to the Can/Am family.

About Can/Am Technologies, Inc., and the Teller Cashiering Solution

For over 20 years, Can/Am Technologies, has provided powerful state-of-the-art cashiering solutions to local and state government clients across North America. Can/Am's Teller Cashiering Solution is a full featured browser-based Cashiering / Point of Sale/Online system that delivers robust reporting, collection, and management functionality. Teller's modern integration technology is praised for being intuitive and easy-to-use while also able to be seamlessly incorporated into a multitude of software integrations. Can/Am has earned a solid reputation for providing high level ongoing hands-on client support. Can/Am is SOC2 certified.
