

## Can/Am Welcomes Jacob Travers, Software Developer

---

After working as an intern at Can/Am for the past two years, we are delighted to announce the addition of Jacob as a full-time member of our growing Software Development team. Jacob will be focusing on enhancing the Teller core to insure smooth client integrations. He will also be providing technical / troubleshooting services for client support issues.

In addition to the valuable experience gained while working as an intern at Can/Am, Jacob has interned and volunteered with various companies and organizations. He recently earned a BS in Computer Science: Robotics and Intelligent Systems from the Colorado School of Mines.

In his free time, Jacob's interests include video/audio production, cars, mountain biking and skiing.

Please join us in welcoming Jacob to the Can/Am family.
