

Welcome Vadym Bened, Software Developer

Vadym recently joined Can/Am Technologies as a Software Developer. He is an experienced senior level .NET and full-stack software developer with a master's degree in computer science from the National Technical University of Ukraine 'Kyiv Polytechnic Institute' where he also served as a member of the faculty. After university, he worked at Trinetix and before that IT-Enterprise. Both leading IT companies based in Kyiv, Ukraine.

He will be actively contributing to all aspects of Can/Am technologies' development life cycle from back-end, front-end, support and architecture/design.

Vadym enjoys spending time with his family and their dog. His interests include playing computer games, watching movies/TV series, and staying active by playing soccer and working out at the gym.

Please join us in welcoming Vadym to the Can/Am family.
