

Can/Am Welcomes Danil Shpurik, Software Developer

We are very pleased to welcome Danil Shpurik as a Software Developer. Danil will be working on DevOps to help automate client-side services with the support team, as well as helping the product team.

Prior to joining Can/Am, Danil worked as a software developer at Tyler Technologies. He served as the Lead Operating Teaching Assistant for the Colorado School of Mines Operating Systems course. Danil earned a bachelor's degree in computer science from the Colorado School of Mines.

Danil commented that he is “passionate about riding and working on motorcycles, playing first person shooter video games, and hiking all the amazing trails that Colorado has to offer.”

Please join us in welcoming Danil to the Can/Am family.
